

Seminar: SS06

Scientific English

Date: from 20th April 2006 at 2.00 p.m.

Place: N100, Room 015,

Objectives:

To learn how to understand and present scientific subjects in English

Each student will have the opportunity to give a presentation

Each talk (ca. 15-20 min) will be followed by general discussion

Students will be introduced to recent publications in eminent scientific journals such as *Nature, Science, Journal of American Chemical Society, Journal of Physical Chemistry, Biochemistry, PNAS, EMBO J., TIBS, Cell* & others

The final format can however be decided by the active participants

The class is recommended to students from the 3rd semester onwards up to and including PhD students and post-docs

The class will be held once a week, probably on Friday afternoon
